MVP Health Care Reports 2010 Financial Results

On Friday, we announced our 2010 financial results, and for the second straight year, MVP is reporting positive financial results. In our filings to the state regulators we are reporting revenue of \$3 billion and a net surplus of \$40 million, which has been applied to our reserves to ensure our long-term financial stability, and provide us with the capital we need to grow. Our reserves now total about \$372 million.
