## Vermont Governor Signs Health Reform Bill

Vermont Gov. Peter Shumlin signed single-payer bill H202 into law today, establishing a single-payer health care system in Vermont.

Click [here](#) to read MVP's statement, which is being released to the media this afternoon.

New information is now available on [MVP's Web page](#) dedicated to health care reform in Vermont, including up-to-date information about how this new law will affect Vermont residents and businesses. Please share this link with your clients.

At MVP Health Care, we have a team of professionals dedicated to staying ahead of this complex issue. They're following developments concerning the many proposed changes that are still several years away. We will be ready for the changes that Vermont health care reform will bring and we're committed to keeping you informed and prepared for the future.
